## Specific Advantages when using REMEO® Respiratory Units.

### RESPIRATORY

- 24/7 Licensed respiratory care professional on unit at all times
- Maximo patient safety net monitoring system in use: redundant ventilator alarm systems
- Advance portable ventilators with short and long term battery back up, capable of complex ventilatory modes including PC, non invasive and built in PEEP
- Aggressive weaning with consistent parameter measurement
- Admission criteria & comprehensive evaluation to ensure medical stability of patients
- Clinical assessment and monitoring of oxygenation and ventilation
- Program oversight by a licensed pulmonologist

*Comprehensive interdisciplinary care planning with the skilled Nursing Facility for Nursing and Therapy Services*

## NURSING

- Skilled Nursing Facility (SNF)- RN coverage 24/7
- IV therapy involving antibiotics and replacing lost fluids
- TPN therapy
- Pressure ulcers - level 1 to IV, stasis ulcers, and wound vacs
- Comprehensive nutritional services - tube feeding and weekly planning
- Post surgical recovery - cardiopulmonary, joint repair, and more
- Inpatient palliative care where available

## PHYSICAL AND OCCUPATIONAL THERAPY

- Comprehensive speech therapy including use of speaking valves and communication devices
- Joint replacement therapy
- Recovery from stroke, hip fracture, and spinal cord injuries
- Muscle weakness related to COPD
- Coordination or balance program
- Improved range of motion and education to help prevent future injuries
- Speech therapy evaluates all new patients the first full day
